

B/BB BIRCH MULTIPLY PLYWOOD**PRODUCT SPECIFICATIONS**

Product:	B/BB BIRCH MULTIPLY PLYWOOD
Veneer Grade:	B Grade (Face) and BB Grade (Back)
Standard:	STO 52654419-001-2018 Bonding Quality – EN314-2: 1993 / Class 3 Exterior Durability & Bonding – EN636:2012
Manufacturer:	Sveza
Veneer Timber Species:	European Birch (Betula pubescens, Hardwood)
Core Timber Species:	European Birch (Betula pubescens, Hardwood)
Sheet Size:	2440 x 1220mm
Thicknesses:	4, 6, 9, 12, 15, 18, 24, 30mm
Density:	640-700kgs/m ³ (approx.)
Glue Bond:	Cross bonded weather resistant (Phenolic Resin)
Formaldehyde:	Emission “E1”
Applications:	Soffits, internal walls, ceiling linings and furniture, etc.

PRODUCT DESCRIPTION

B/BB Birch plywood has a high-quality B grade face with BB back allowing for butterfly patches, exhibiting a light appearance fit for clear water-based finishing. The multiply construction is made up of 1.4mm veneers with minimal core voids, creating an aesthetic feature edge. With its hard surface, flatness, high water & wear resistance, and exceptional durability making it suitable for joinery applications.

Finishing

In semi exposed exterior applications, the product must be adequately protected by the use of a suitable water based, exterior paint or stain on both sides of the sheet & edges, irrespective of whether the sides are exposed to the weather or not. It's recommended to contact a reputable paint supplier and follow the manufacturer's instructions. Do not use oil-based products on this plywood as oil-based paints or stains may penetrate the surface veneer of the plywood and react with adhesives that bond the core veneers together. No warranty or guarantee is offered by Plywood & Panel Supplies Pty Ltd (PPS) if oil-based paint or stain has been applied to the plywood. This plywood is not suitable for use in the manufacture of doors and no warranty/ guarantee is offered by PPS if this plywood is utilised in any application associated with the manufacture of doors.
